

Product Catalogue

April 2025

We cherish the small, everyday joys of life – meeting friends, travelling and trying new things. And our products are designed to be with us on every occasion. They're playful, functional and easy.

Combining joyful, bold, contemporary colour blocking with traditional crafting skills, the fabrics are handwoven on looms with reclaimed plastic (like carry bags, garbage bags and food packaging wrappers).

And we don't stop there. Our bags and accessories are also vegan, zero-waste, responsibly made and tailored with organic cotton.

We invite you to take a look.

WL01-01
